(Height, Material)

ZONING:

All 'R' (Residential) Classifications: Sec. 15.28.210

Fences Enclosing Swimming Pools:

- A safety fence at least 4' in height, but no more than 6' in height, shall be constructed to completely enclose a swimming pool.
- Swimming pools above ground where the sides are at least 4' in height, a safety fence is not required. Any opening between the fence bottom and the grade or other surface shall not exceed 4'.
- Pedestrian access gates for pool enclosures shall be self-closing and self-latching.
- All other service gates shall have lockable hardware and be locked when not in use.

General Information:

- The finished side of the fence considered to be the face shall face abutting property. The face shall be defined as the finished side of the fence rather than the side with structural supports. [Sec. (a)]
- Fences are allowed up to property lines when consistent with the above regulations/ordinance.
- If fencing is not installed up to the property line, property on both sides of the fence shall be maintained.
- If fencing is placed with in an easement, and any work needs to be done in the easement, the city is not responsible for any damage or replacement of the fence.
- There is a 10 feet fence setback from all public trails.

Homeowner is responsible to verify the location of the lot property pins/boundary to show the fence is located on their property; and comply with all applicable regulations/ordinance.
